# Overview

## Packaging for every shape, size, and need.

At Berry, we combine our global expertise and resources with our commitment to customer service to find the right solution for you.

Baked Goods

Cleaning Chemicals

Confectionery

Cultured Dairy

Deli Salads

Dips and Spreads

Disinfecting Wipes

Fresh & Frozen Meals

Ice Cream

Pet Food & Treats

Produce

Powdered Beverages

Sauces & Condiments

Single Serve & Packaged Coffee

Snacks

Soups

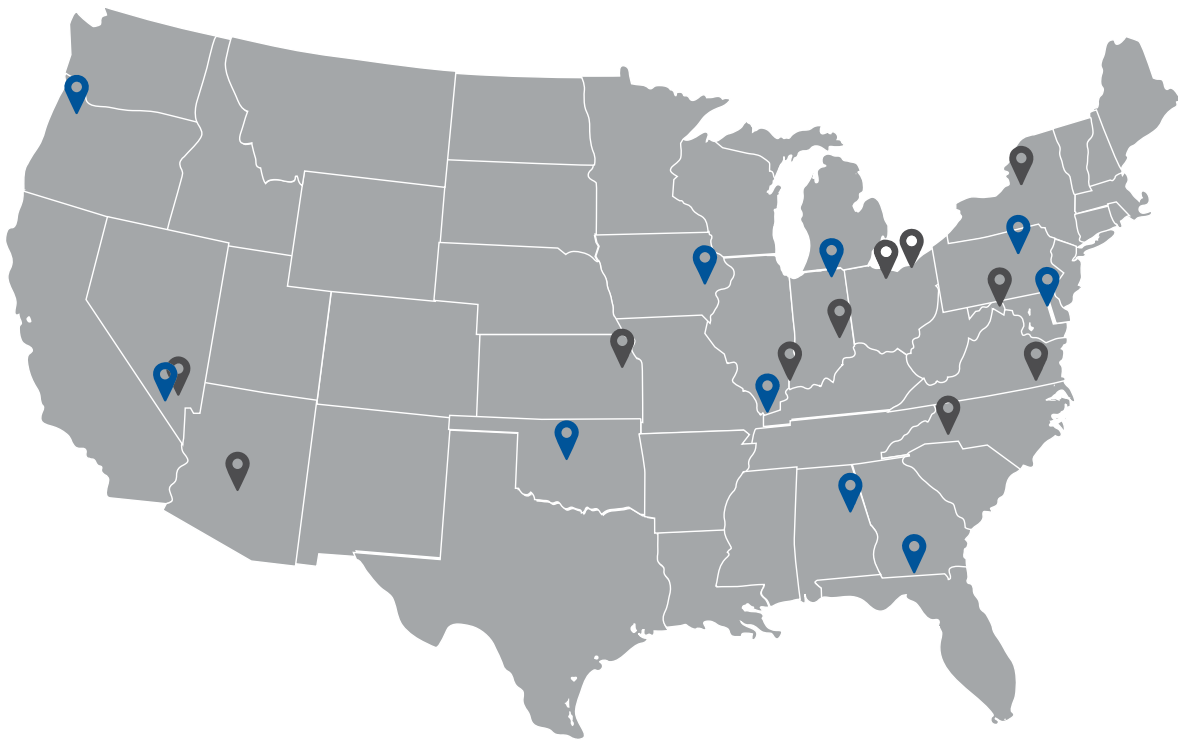

This catalog includes our complete line of stock containers with matching lids. Looking for larger capacity or industrial containers? See Berry Global's "[Industrial Containers & Pails Product Guide](#)."

## One size doesn't fit all.

We offer a wide variety of packaging solutions to fit the needs of you and your customers.

- Custom Packaging Design
- Recyclable Packaging
- Recycled Content
- Barrier Solutions
- Tamper Evidence/Resistance
- Microwave & Dishwasher Safe
- Freezer Grade
- In-Mold Labeling
- High Pressure Processing
- And More!

We have **21 manufacturing plants strategically located in the U.S.** to help serve you more efficiently and to provide flexibility between plants in order to meet your evolving needs, so that you can continue to deliver on your promise to your customers.

Industrial Pail Locations

Container Locations

Don't see a specific solution you're looking for? There's still a good chance we have what you need.

**Contact your Berry sales rep or  
visit [berryglobal.com/contact-us](https://berryglobal.com/contact-us) to learn more.**

# Decoration

At Berry, we offer a wide selection of decoration options to ensure the best, most cost-effective solution for your thinwall product needs. Our full-service creative team can design and separate your art, as well as provide quality printing plates to decorate your products.

## Dry Offset

Ideal for line art, illustrations, and simple images.

## In-mold Label

Labeling process enables decoration of round or non-round shapes along with superior photo quality.

## ICONiC® (IDF)

Provides photographic quality on white, clear, and colored substrates that are round and non-round.

## Digital Printing

High-quality graphics filled with vivid colors, spanning across 80% of the Pantone color book.

## Shrink Sleeve

Provides better use of billboard space for package decoration.

## Pressure Sensitive

Cost effective solution for decorating any colored substrate.

## Coffee Pods

## Count on our support for a smooth, successful launch.

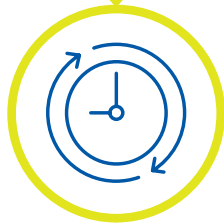

Our Customer Technical Service (CTS) reps will support you before, during, and after package conversion, free of charge. Reps are located throughout the U.S.—within six hours of most areas—so they can be there in person to:

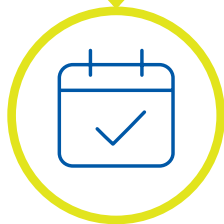

Perform line auditing three to four months before conversion.

Provide on-site support during initial conversion.

Follow up with additional support within 30–60 days.

Visit your plant regularly to provide ongoing support.

# Frequently Asked Questions

## Q: What products are in stock and ready to ship?

We have the molds to make all catalog products listed in the Container and Lids Product Guide. Check with your sales representative for products that are in stock and ready to ship.

## Q: What are minimum order quantities for stock products?

Minimum order quantities for stock products are one pallet of the container, plus the equivalent number of lids.

## Q: What are minimum order quantities for custom printed products?

Minimum order quantities for custom printed products vary based on the size and style of the products and the number of colors in the artwork. For line artwork on smaller containers, minimum orders are 30,000 units. Process art requires at least 100,000 for smaller containers. For line art on pails, the minimum order quantity is 3,000 units. We can print on quantities less than minimum for an upcharge. Speak to your sales representative about your custom printed order.

## Q: Can I get a product in a custom color?

Yes, we can match to a custom color, but a minimum order quantity is required, depending on the container and color. Speak to your sales representative about specific sizes.

## Q: What type of decoration is available?

We specialize in custom decoration and we offer standard print, Iconic print (high definition, flexographic printing), shrink sleeving, In-Mold Labeling (IML), heat transfer labels, and pressure sensitive labels.

## Q: What are typical production lead times for custom products?

Standard minimum production lead-time is three weeks. Lead times may vary based on special circumstances and will be confirmed at the time of order placement.

## Q: What are standard shipping lead times?

Our standard minimum shipping lead-time for “delivered” terms customers is three business days, i.e. requires that the order is placed at least three business days in advance of the required loading time. Our standard minimum shipping lead-time for EXW Berry Global, Inc. terms customers is two business days.

## Q: Can I place less than a truckload order?

Yes, we will ship less than truckload LTL orders. Make sure you confirm with your customer service representative what costs are involved with LTL shipments.
